Subject: EPA response to LWG request for extension

Jim and Bob

This is In response to the LWG's March 9, 2011 email request for a two week extension of the deadline to dispute EPA's February 25, 2011 letter. It is EPA's understanding, based on the LWG's draft response letter (which was included with the LWG's email request), and subsequent discussion at our project managers meeting, that the LWG's extension request is related to the deadlines for submittal of the revised RI and draft FS reports only.

EPA has considered the LWG's request and is willing to extend the dispute deadline one week. The revised dispute deadline is March 18, 2011.

Chip, Kristine,

As discussed during Chip's conversation with Jim McKenna and Bob Wyatt this morning, please see attached draft response to EPA's February 25th Portland Harbor RI FS schedule letter. The LWG respectfully requests a two week extension to the dispute deadline so that we can engage in some discussions with EPA about the submittal dates for the revised draft RI and the draft FS.

Please let us know if you have any questions.

Thank you,
Jen Woronets J
